

## Arrived at UMES? – Here’s a Checklist to Help Guide You!

Remember to **CHECK-IN with your international School Official** so that your I-20 will NOT be terminated. Upon your arrival into the US, your I-20 is in an initial status. In order to continue your studies, your I-20 must be ACTIVATED to inform immigration services that you have arrived and are enrolled in your courses. Those who do not check-in with their school official to activate their I-20 are at risk of termination.
