

## University of Maryland Eastern Shore

### Explanation of Mandatory Fees

**Athletic** – Entitles the student admission to most athletic contests sponsored directly by the University and use of the athletic facilities, i.e., athletic fields, tennis courts, exercise rooms, swimming pool, etc.

**Student Activities** – Entitles the student admission to cultural activities such as concerts, presentations, lectures, and student publications. The fee also supports the Student Government Association, associated activities and events.

**Recreational Facilities** – Contributes toward the construction of major repairs and refurbishment of self-supporting facilities to maintain quality commuter and resident life services and facilities.

**Student Union** – Funds from this fee support the operation of the Student Center and programs and activities housed within it.

**Technology** – Technology fee funds are used to enhance the technology infrastructure for the student body.

**Student Health Services** – This fee will be utilized to enhance services of subsidizing/paying for lab tests, immunizations, prevention activities/health education and technical support for electronic medical records.

**Sustainability** – The sustainability fee will support promoting environmentally responsible practices across campus. The primary purpose is to help with the mission of integrating sustainability into the university's operations, academics, and culture.
