

THE FUTURE IS CALLING.

(But only until February 15th.)

There's never been a better time to pursue a STEM education at an Historically Black College or University. AIChE has teamed up with industry partners to provide 4-year scholarships of \$10,000 per year to up to 150 students from underrepresented communities. Help us get the word out. **But hurry, applications close February 15th.**
