

Your Mission: Discover New Innovations

Will you be attending 34th Black Engineer of the Year (BEYA) STEM Conference on Friday-Saturday, Feb 14-15?

Lockheed Martin will be conducting interviews during the conference on Friday, Feb 14 from 1PM-5PM and on Saturday Feb 15 from 8AM-4PM. We have multiple full-time and internship opportunities available in the following areas:

Software
Electrical/Computer
Mechanical
Manufacturing
Systems Engineering

If interested please apply to the following requisitions by Monday, Feb 10 to be considered.

[511448BR \(Engineering\)](#)

[511447BR \(Software\)](#)

You will be notified if you were selected to interview prior to the commencement of the conference.

Thank you for your interest in Lockheed Martin your University Relations and Recruiting Team!
