

Hello & Greetings from Lockheed Martin!

Lockheed Martin is looking for the best and brightest to help us fulfill our mission of keeping the world secure. We will be participating in the GMiS Conference by conducting **virtual interviews** on 10/14/20.

We have multiple full-time and internship opportunities available in the following areas: Software, Electrical/Computer, Mechanical, Manufacturing & Systems Engineering. Visit this [link](#) to view and apply to the either the software or engineering job posting. There are various type of jobs available and we will match your skills/career interests to our needs. *You must be a US citizen to be considered for an interview.*

The deadline to apply is [October 9th].

Please feel free to share this information with your fellow students! Thank you for your interest in Lockheed Martin.
