

UNIVERSITY OF MARYLAND EASTERN SHORE

DEPARTMENT OF ENGINEERING

Biomedical Engineering Program

The UMES Department of Engineering is dedicated to welcome you to our Biomedical Engineering program. We are dedicated to providing a high quality education in biomedical engineering. Our students are encouraged to participate in research, industry, and community service projects. Our graduates are well-prepared to enter the workforce or continue their education in graduate school.

Our state-of-the-art facility is well equipped for research in areas such as: biomedical devices, prosthetics, robotics, nanotechnology, microfluidics, and tissue engineering. Our faculty members are experts in their fields and provide a high level of instruction and mentorship. Our students are encouraged to participate in research, industry, and community service projects. Our graduates are well-prepared to enter the workforce or continue their education in graduate school.

UNIVERSITY OF MARYLAND EASTERN SHORE

DEPARTMENT OF ENGINEERING

Engineering Program

The Department of Engineering is looking forward to have you enroll in one of our great BS/BA Degree Programs. Our world-class Biomedical Engineering Program offers a great educational opportunity to students to prepare for the following four engineering opportunities:

- Aerospace
- Computer
- Electrical
- Mechanical

Our world renowned faculty is committed to best research in aviation, mechanical, robot, electrical, intelligence, aerospace, digital, and other design etc. The department is home to the state-of-the-art laboratories with various labs, MEMS lab with clean room, lab, Control Lab, Robotics and Automation Lab, Aerospace Lab, etc. for research and instruction.
