

NOAA LIVING MARINE RESOURCE COOPERATIVE SCIENCE CENTER

UNIVERSITY OF MARYLAND
EASTERN SHORE

Application Process Quick Reference Guide

Benefits of LMRCSC Support

- Stipend and tuition support
- Travel to conduct research and attend professional meetings
- Opportunities for research funding through our research grant program
- Access to courses taught at other partner institutions.

Applications will be considered 3 times annually. Speak to the Program Director at your institution to determine which deadline you should target.

Deadlines:

October 25
February 8
April 24

Requirements of LMRCSC Supported Students:

- Fulfill all requirements of their home institution and degree program
- LMRCSC Data Carpentry Workshop
- One course in Social Science, which may focus on any of the Human Dimensions of Marine or Environmental Science
- Participate in the Annual Fellow Assembly
- Complete a NOAA Experiential Research and Training Opportunity (NERTO)

Application Process:

1. Contact potential advisors
2. Apply for admission to the graduate program at a partner institution (see list below)
3. Contact the Program Director at that institution to discuss opportunities
4. Fill out the LMRCSC Application for Student Support located at <https://www.umes.edu/LMRCSC/Content/Forms/>

Name	Title	Email	Phone
Dr. Paulinus Chigbu	Center Director	pchigbu@umes.edu	(410) 651-3034
Dr. Maggie Sexton	Deputy Director	masexton@umes.edu	(410) 621-1049
Dr. Victoria Young	Education Expert	vyoung1@umes.edu	(912) 358-4291
Dr. Gulnihal Ozbay	Program Director at Delaware State University	gozbay@desu.edu	(302) 857-6476
